

BUSINESS DEVELOPMENT MANAGER EUROFAST®

FULLTIME | SOUTHEAST EUROPE

*Do you have experience in the flat roof, cladding or fixing and fastening industry?
Are you driven to build long term relationships with customers by advising and
selling Eurofast fastening systems?
Do you want to be part of the success of Eurofast? Then contact us!*

As a colleague of Eurofast Hungary, you will visit existing and new customers in the following countries: Slovakia, Rumania, Serbia, Bosnia-Herzegovina, Croatia, Slovenia.

YOUR RESPONSIBILITIES (AMONGST OTHER):

- Visiting existing and new customers; from large end-users to country specific distributors
- Advising the customer about our product program
- Providing technical solutions in the field of flat roof and cladding

ARE YOU THE COLLEAGUE WE ARE LOOKING FOR?

You are customer oriented and result driven. You follow the sales process from beginning till end. You are reliable and self-reliant. You communicate easily in different languages and on different levels within organisations and building construction sites. Every day you are expanding the Eurofast network in the set countries. You are able to work with an ERP system and will document your daily routine. You speak at least Hungarian, English and preferably a Slavic language.

WHAT DOES EUROFAST OFFER?

Working at Eurofast means; working at an organisation where job satisfaction is key and colleagues interact in an informal way. Eurofast is an international company that is constantly developing and experiencing significant growth. Eurofast Hungary, based in Budapest, is a professional and independent team within the Eurofast Group which has their headquarters in the Netherlands. As Business development manager you report to the Managing Director Hungary. In addition to good (market-based) working conditions, we offer a varied job within a dynamic working environment where there are opportunities for further development. Training on the job and / or courses is part of an extensive programme of work.

ABOUT EUROFAST®?

Eurofast is the specialist in high quality fastening systems for flat roofing and cladding. Service and quality are our priority. We therefore look to improve, develop and renew at all levels, ensuring that our customers get the best possible advice, support and products at all times. We offer solutions for various roofing and cladding systems, complimented by a wide range of tools, machines and accessories.

Eurofast has multiple divisions in Europe; the Netherlands (Headquarters), Belgium, Hungary, Poland, Denmark and United Kingdom and exports to over 25 countries within Europe.
